

MATH 249

Today

1. Review for final
2. Handouts [Integration summary, line integral flowchart, surface integral flowchart]
3. WeBWorK

Review for Final

1. Logistics:
 - (a) Friday, December 4, 8-11 AM
 - (b) Problems on one page, which will open in WISE at 7:55am.
 - (c) Upload your completed exam to our WISE “Final Exam” assignment by 11:15am. Please check that your images are clear and readable.
 - (d) I will aim for a two-hour exam, but you will have all three.
 - (e) Python will be available. Complete your gateway quiz if you haven't.
 - (f) You may have one 8.5”×11” page of notes (both sides).
 - (g) I will ask a global optimization problem.
 - (h) Roughly half new material and half old. Very roughly.

Next Time

1. Final!
