

MATH 253

Today

1. Finish 4.2 on properties of determinants.
2. 4.3 Cramer's Rule (Understand what Cramer's Rule is and how to use it.)
3. WeBWorK

Where is today's material used?

1. Solving systems of equations. (Mostly a theoretical tool: computationally too expensive.)

Next Time

1. Review for exam
2. Note: 2 proofs due Wednesday.
