

## **Evaluation Criteria for Laboratory Assignments**

*CS 145 Images and Imagination, Fall 2010*

- Unless otherwise specified, labs will be worth 10 points.
- Some labs will be evaluated as Pass/Fail. To get credit, the student is expected to make a good faith effort to complete the work on time and to the best of their ability.
- Other labs will be graded more carefully based on the criteria listed below.

### **Criteria:**

1. Was the entire assignment turned in on time?
  - Yes / No
  - Comments:
2. Did the student follow directions and adequately complete all of the required parts of the assignment?
  - Yes / No
  - Comments:
3. Was the code well structured (comments, formatted, modular, etc)
  - Yes / No
  - Comments:
4. The technical complexity level of the work was:
  - High Medium Low
  - Comments:
5. If the assignment involved teamwork, did the student communicate well and do their share of the work?
  - Yes / No
  - Comments:
6. Was the student present and able to participate in the class critique? (Students who are absent may be asked to present work during the following class).
  - Yes / No
  - Comments:
7. Extra Credit: Did the student go significantly above and beyond (technically or esthetically) what was asked for in the assignment?
  - Yes / No
  - Comments:

### **Extra Credit:**

Students may earn a small amount of extra credit (10-20%) on a lab if they 1) satisfactorily complete all parts of the assigned lab and 2) do work that is in some way exceptional esthetically or technically.
