

CS241 Lab 7 Assignment (from text, Project 7.20)

7.20 Approximate large values using scientific notation (**base 10**). You may need to use both computer and calculator.

Time to process n elements (milliseconds)	1 second	1 minute	1 hour	1 day	1 year
$\log_2 n$		$10^{18,061}$			
n	1000	60,000			
$n \log_2 n$					
n^2			1897		
n^3					
2^n	9
