

## Lab 1: Evaluation

Person Evaluated: \_\_\_\_\_

Evaluator's Name: \_\_\_\_\_

This lab will be given a letter grade as described in the *Evaluation* section of the course policies, <http://www.willamette.edu/~gorr/classes/ids252/overview.htm#eval>.

This lab is long. Get started early!

### 1. Temple

- a) **Submission directions were followed**, For example:  
Your project and images are in the correctly named folders; the image is HD540 png or jpg format; the camera is well placed; there is a ground plane, etc
  
- b) **Technical quality of the work.** (For this lab, we are not considering the esthetic quality).
  
  
  
  
  
  
  
  
  
  
- c) **The Maya Project was organized and cleaned up.** It is important to develop good habits! For example, the project files are all in the project folders; if there are multiple versions of scenes, it should be clear which file is the final one; inside the scene file, objects are named and grouped.
  
  
  
  
  
  
  
  
  
  
- d) **The work was completed on time.**
